

## **COMMITTEE NEWS \_ June 9<sup>th</sup> 2015**

- Plastic Table Tennis Balls were discussed. We will use celluloid balls at present as the new plastic balls break easily, are expensive and not readily available as yet.
- A query from a Friday group member asking if we had bats for sale. It was decided that we would not sell bats as there is such a variety we would not know what to stock. We would refer anybody wanting a new bat to OOAK Trading.
- Comments were made about the disappointment with Murray Bridge cancelling their visit. However they may wish to visit at a later date.
- A discussion occurred about the difficulty in getting reserves for the Winter Competition. If a team is short they can have a lesser player from another match to fill in and points will be counted. (However this cannot happen at Inman Valley as only one match is played). Team Captains to be given phone numbers of players on the reserve list.
- The website is now set up and going well thanks to Judith Dyer
